Maximum Marks	4 Marks

Brainstorm & Idea Prioritization Template:

Step-1: Team Gathering, Collaboration and Select the Problem Statement

Template

Brainstorm & idea prioritization

Use this template in your own brainstorming sessions so your team can unleash their imagination and start shaping concepts even if you're not sitting in the same room.

- 10 minutes to prepare
- 1 hour to collaborate
- 2-8 people recommended

Before you collaborate

A little bit of preparation goes a long way with this session. Here's what you need to do to get going.

- 10 minutes

- Team gathering**
Define who should participate in this session and send an invite. Share relevant information or pre-work ahead.

- Set the goal**
Think about the problem you'll be focusing on solving in the brainstorming session.

- Learn how to use the facilitation tools**
Use the Facilitation Superpowers to run a happy and productive session.

1

Define your problem statement

Many organizations, colleges, and public service departments still rely on manual methods for handling complaints. Complaints are often recorded in registers, emails, or paper forms, making it difficult to track their status, assign responsibility, and ensure timely resolution. This results in delays, lack of transparency, poor communication, and dissatisfaction among users. The proposed Online Complaint System aims to provide a centralized digital platform where users can submit complaints, track their progress, and receive updates, while administrators can efficiently manage and resolve complaints.

Problem Statement

Existing Problems

- Manual complaint registration process
- Difficulty in tracking complaint status
- Delayed complaint resolution
- Lack of transparency and accountability
- Complaints often get lost or ignored
- No centralised database for complaint management

Issues in the Problem

- Low user satisfaction
- Poor communication
- Poor accountability
- Inefficient complaint handling process

Key rules of brainstorming

To run an smooth and productive session

Focus on Quantity

Encourage Creative Thinking

Avoid Criticism

Build on Others' Ideas

Stay Focused on the Problem

Promote Equal Participation

Step-2: Brainstorm, Idea Listing and Grouping

2

Brainstorm

Write down any ideas that come to mind that address your problem statement.

🕒 10 minutes

TIP
You can select a sticky note and hit the pencil (switch to sketch) icon to start drawing!

Team Member: Aakula Srija

Role: Project Developer & Idea Contributor

Selected Problem for Development

Title: Online Complaint System

Reason for Selection:

- Solves a real-world problem.
- Improves complaint management efficiency.
- Reduces manual work and paperwork.
- Enhances transparency and accountability.
- Can be implemented using MERN Stack and MVC Architecture.

3

Group Ideas

Take turns sharing your ideas while clustering similar or related notes as you go. Once all sticky notes have been grouped, give each cluster a sentence-like label. If a cluster is bigger than six sticky notes, try and see if you can break it up into smaller sub-groups.

🕒 20 minutes

TIP
Add customisation tags to sticky notes to make it easier to find, organise, update, and categorise important ideas as they're added to your board.

Cluster 1: Users should be able to securely access the system

- User Registration
- User Login
- Password Reset
- User Profile Management

Cluster 2: Users should be able to submit and monitor complaints

- Submit Complaint
- Select Complaint Category
- Upload Supporting Evidence
- Track Complaint Status
- View Complaint History

Cluster 3: Administrators should efficiently manage complaints

- Admin Login
- View All Complaints
- Assign Complaints
- Update Complaint Status
- Resolve Complaints
- Reject Invalid Complaints

Step-3: Idea Prioritization

4

Prioritize

Your team should all be on the same page about what's important moving forward. Place your ideas on this grid to determine which ideas are important and which are feasible.

⌚ 20 minutes

TIP

Participants can use their cursors to point at where sticky notes should go on the grid. The facilitator can confirm the spot by using the laser pointer holding the H key on the keyboard.
